2023-2024

FLUSHING SHOW

pass 25 pcs small sponge with size 19x29MM
pass small balls flushing test 90 form 100

- ① 3inches outlet valve fittings, waste draining in a short time
- ② water seal higher than 5CM, deodorization function effective
- ③ flushing hole arranged evenly, flush cleanly
- ④ inside diameter $\geq 4.8\text{CM}$, avoiding clogging
- ⑤ jet hole $\geq 2.8\text{CM}$, more powerful flush function
- ⑥ pipe inside galzed, waste drain smoothly

·Data proof of great effecton of water saving

All of our toiets are adopted 6 liters or 3/6 liters design of environment protection and water saving. Be different with other saving toilet in the market, our 3/6 liters include all the water volume needed in the whole flushing process, for example, water replenishment. Our toilets are real water saving product indeed.

9 liters cistern fittings

262,800,000,000

3/6 liters cistern fittings

105,120,000,000 157,680,000,000

6 liters cistern fittings

175,200,000,000 87,600,000,000
